

## Chesterfield County, Virginia

### Memorandum

**DATE:** April 4, 2007

**TO:** Chesterfield County Planning Commission

**FROM:** Richard McElfish, Director of Environmental Engineering  
Scott Flanigan, Water Quality Manager

**SUBJECT:** Status Report -  
Swift Creek Reservoir Watershed Master Plan and Maintenance Program

During the July 18, 2006 CPC work session on the Upper Swift Creek Plan, commissioners requested monthly progress updates on issues regarding the **Swift Creek Reservoir Watershed Master Plan** (*Watershed Master Plan*). Staff provided, during the August 15, 2006 work session, a framework of tasks and steps needed to address regulatory issues concerning the *Watershed Master Plan* and options and alternatives for a path forward.

*The focus of the April 17, 2007 work session will be a discussion of the analysis of the watershed model. The results and comparisons conducted by CH2MHill are attached for your review.*
